# Axiom Lite™

## Quick Start Guide - UNC100

### Before beginning the software installation

- Please contact support.uk@rbh-access.com for a software download link
- refer to page 2 for supported server machines. Home editions are not supported.
- Axiom Lite is to be installed on a physical machine. VM's are not supported.
- Firewall and Anti-Virus Software has been temporarily disabled.
- User Account Control has been set to Never Notify.
- **Battery Isolator Paper has been removed from the back of the UNC100.**
- UNC100 is connected to the PC by RJ45/Ethernet cable, and the UNC100 is powered.

### Then;

- Disable all Network Connections on the PC except **LAN/Local Area Connection**.
  Set the PC's LAN to **Static IP** and enter **192.168.168.20**
- Run the Axiom Lite software, and follow the Axiom Lite software install Wizard.

**Before You Begin**

This document describes the process required to install Integra32™V5.1.5XR5.0 software on your computer.

Before you run the installation please read the *Pre-Installation Considerations* for additional information that may affect your installation.

# 1. Pre-Installation Considerations
